## SECOND QUARTER NEWSLETTER

## HONOURING OUR TEAM

If you've visited Eastern Truck recently, you might have spotted a new addition - our Honours Board, proudly displayed in the Parts department.

Designed to celebrate some of our longest-standing team members, this board is more than just a tribute - it's award-winning.

Here's what the team at Sign It Up, the creators behind the custom Kenworth grille design, had to say:

**"It was great to catch up with Kieran Murphy and Sandy Mahoney and present them with the Bronze Medal we won at the NZSDA Sign Awards in Nelson for the Kenworth Grille Honours Board.**

**These are the jobs we love - where we're given a little artistic license to create something truly unique... and award-winning!**

**Thanks, Eastern Truck."**

Come take a look next time you're in - and give our long-timers a well-earned pat on the back.

## A DIRTY TRUCK CAN HIDE BIGGER PROBLEMS

Grime and buildup on your vehicle can do more than turn heads for the wrong reasons. Grime and road buildup do more than just dull your paint - they can hide early signs of wear and tear, making it harder to spot maintenance issues before they become costly. In some cases, it can even prevent key components from being properly checked during routine servicing or COF inspections.

### BUT DON'T GRAB THE HOSE JUST YET...

#### WATCH WHERE THAT WATER GOES

Under Hawke's Bay Regional Council regulations, washing your truck improperly - like letting dirty water, oil, or road grime flow into stormwater drains - could land you with serious fines under the Resource Management Act. Some fines have reached \$37,000.

#### THE SMARTER WAY TO WASH

Our purpose-built truck wash takes the guesswork (and risk) out of the job:

- COF-friendly cleans so every important component is visible
- Recycled rainwater system reduces environmental impact
  - Up to 75% of water reused per wash
- Fully compliant wastewater management approved by council

We've handled the hard stuff - so you can roll in, roll out, and hit the road with confidence.
