FULLY QUALIFIED MECHANICS

We're here to support the growth of our team, and we're stoked to say both Felix and Tim are now qualified.

Hard work pays off, and both these boys have been working their butts off.

The team is proud of you.

CONCRETE PAD IS COMPLETE

For those customers who have been through in the past few months, you will have noticed the work going on in the main yard.

We've had a huge pour of concrete, making sure there's more room for turning and parking, and making sure it's suited for all weather conditions.

25 YEARS OF DELLWYN

We've got another member of the 25+ year club here at Eastern Truck!

Dellwyn is our workshop admin superstar, and we recently celebrated a huge milestone of 25 years.

Reckon you've got another 25 in ya Dellwyn?!

NEW CUSTOMER PARKING

We now have four designated customer parks next to the wash bay (on the side of the inspections building).

Please leave your keys in the ignition as we may need to move them.

This is to avoid parking in our staff carparks as our staff rely on having a place to park their vehicles.

KIDS RIDE IN A TRUCK DAY

We had a great time this weekend
with the Kids Ride In A Truck Day!

It's always awesome to see how many
trucks get involved, where we all give
some time for a good cause.
